# A Brief History of National Central Library

The establishment of NCL's special collections was originally derived from the NCL's Preparation Office set up in 1933 in Nanjing, the capital of early Republic period of China. Soon after, the Ministry of Education handed over to the Office a collection of books numbering some 46,000 volumes and more than 1,000 Qing dynasty palace examination scripts, which formed the basis of NCL's special collections. However, not until the outbreak of World War II did it reach the turning point of NCL's special collections.

# A Brief History of National Central Library

In the early 1940s, as an effort to protect rare books from the destruction and threat of the war, the library founded a concealed “Comrade’s Association for the Preservation of Documents” (Wenxian baocun tonzhihui) formed by **conscious scholars and intellectuals**, for saving and purchasing rare books from prominent book collectors in Japanese-occupied areas in Shanghai and Yangzi Delta (Jiangnan) with funding from the Boxer’s Indemnity. After the war ended, these scholars’ enormous accomplishment of book saving, together with the library’s took over of Chen Qun (1890-1945)’s private Zecun library of rare books, constituted the major and most significant part of NCL’s special collections.

# A Brief History of National Central Library

After relocated to Taiwan in 1949, the NCL continued to obtain materials through purchase and donation from private collectors and public institutions. With the progress of technology and globalization, until now the library has developed various kinds of technological services which include microfilm, reproductions of ancient books, online image system and so forth, thus make the library's special collections more accessible to public and demonstrated its important role in social education and cultural preservation.

**Title: Abridged Copy of the Geographical Map in the Inner Court of the Qing Dynasty**

**Description**  
This work is by Liu Yan, also called Diezhi, a middle- and late-Qing dynasty scholar in history, geography, and astronomy. Liu Yan produced and contributed to a number of works in the field of geography, including *Ji yuan bian* (Dictionary of reign names), *Li dai di li yan ge lu* (A historical geographical atlas of dynasties), and *Li dai di li zhi yun bian jin shi* (Dictionary of geographical names with new explanations). Although most of his works appeared under the name of his teacher, the renowned geographer Li Zhaoxue (1769–1841), Liu Yan's contribution to scholarship is indisputable. He used a work written by his uncle Liu Chengru, also a student of Li Zhaoxue, to produce this copy in reduced size, which was published in the 14th year (1834) of Emperor Daoguang (reigned 1821–60) with the inscription: *Huang chao nei fu yu di tu suo mo ben* (Abridged copy of the geographical map in the inner court of the Qing dynasty). The work is in three parts. Part one consists of historical anecdotes about the dynasty; part two deals with arable land, tax regulations, and customs; part three features charts of waterways. Simplified world maps appear before and after the title page. At the front is an inscription by Weng Tonghe (1830–1904), a Confucian scholar and a member of the Hanlin Academy, who later became minister of the Ministry of Revenue, Public Works, and War. Weng Tonghe copied the work, with commentaries, when he was working as a Hanlin compiler. This was shortly after the Anglo-French invasion of China of 1858–60, an event that focused attention on the geography of Xinjiang and the diplomatic activities concerning borders with the four main external powers (Great Britain, France, the United States, and Russia). The work provides information about the locations of mountains, rivers, and barracks at strategic points. Also interesting are the discussions of commerce and of various negotiations between China and foreign governments.

## Erudition: An Exhibition on Reading the Ancient Aesthetics of Living 2012.6.19-2012.7.30

Hold theme exhibitions centered on ancient books by involving with “Taiwan lectures on Chinese studies” to promote the library’s special collections to worldwide.

創設於 1933 年的中華民國國家圖書館，館內珍藏特藏資料，包括宋、元、明、清等朝代古籍超過一萬兩千餘部，這批文獻無論是質或量，向來為國際學術界所推重，咸認為不僅是臺灣珍貴寶藏，也是研究人類知識文化的重要資產。

Since its foundation in 1933, the National Central Library of the Republic of China has borne the heavy responsibility of collecting and conserving the nation's important documents. The Library's special and treasured collections include in excess of 12,000 items from the Song, Yuan, Ming, and Qing dynasties. These collections have always been held in high esteem by the international academic community for both the quality and quantity of their documents. They are regarded not only as one of Taiwan's treasured resources, but also as an important asset for the research of human knowledge.

國家圖書館為饗海外僑胞與外國友人，讓更多有興趣探索中華傳統文化與經典的讀者都能透過國家圖書館豐富的館藏，特舉辦此項展覽。展覽內容

區分為：人文雅趣、戲曲文學、養生意境，以及自然觀察等四大項。展覽書籍除重印館藏相關主題古籍，並搭配當代臺灣相關出版品與古籍數位化成果。閱讀古書不僅是探索經典的入門方式，也是連結古人與當代生活美學的捷徑，重新藉此細數古代文人如何將個人品味與日常生活融合，同時呈現先民重視文化、崇尚自然，與重視生命之概念。更多展品資訊，請上 <http://goo.gl/gznSD>。

In order to attract overseas Chinese and foreign friends, enabling an even greater number of interested readers to investigate traditional Chinese culture and literary works through the National Central Library's rich collection, the exhibition is divided into four main themes: Leisure Life of the Literati; Dramatic Literature; Conceptions of Health; and Observing Nature. Besides reprinting ancient books in the Library's collection relating to these themes, alongside these, this exhibition places related modern Taiwanese publications and some of the fruits of its rare book digitization projects. Reading ancient books is not just a way to get into investigating the classics, it is also a shortcut linking the aesthetics of living of ancient and modern people; in re-examining how this small group of literati blended their personal tastes with

# Acquiring Important Thematic and Individual Collections

## **Important donations from individuals and groups**

Donations from a wide variety of sources form one important channel to acquire books and periodicals to expand NCL's holdings. The NCL has been the recipient of many donations of rare collections. Over the years the NCL has amassed a sizable collection of rare items.

## **Important publications from Taiwan and abroad**

The NCL continues to acquire important books and other materials (print and digital) in Chinese, primarily on the humanities and social science disciplines, from Taiwan and abroad. They focus on disciplinary development, match social and economic development, and also discuss important international issues.

In terms of foreign language books, acquisitions focus on important topics such as globalization, climate change, environmental change, regional integration, new immigrants, aging, culture and creativity, as well as those works published by international organizations such as the OECD, UN, UNESCO, WB, WTO, and WHO.

There are many types of work in the manuscript collections, including over 80 thousand volumes of poetry, prose, plays, commentaries, novels, sketches, water color paintings, oil paintings, calligraphy, traditional Chinese painting, and comics. The NCL has also created the Contemporary Celebrities' Manuscripts Database to provide first-hand sources to those researching modern or contemporary scholarship, contemporary literature and art history.

## Strategies: Following International Standards

Strategies for dealing with the digital world include: Adopting **international standards**, respond to advancement of information organization theories and information technology, collaboration, continual efforts, etc.

- **Prioritization:** To begin from significant collections, e.g., rare books, Taiwan periodicals, government gazettes and statistics, old documents related with Taiwan history, etc.
- **Adopting and promoting international standards:** Including digitization file formats and resolution, and metadata schema
  - ◆ Learn from experts: Participate in and hold conferences and workshops
  - ◆ The NCL takes leadership role to advocate and facilitate standardization in Taiwan

Important purpose: data reuse, sharing, integration, etc.

## 2. Strive for funding from the Ministry of Education's subsidy program

- The National Library accelerates plans for digital preservation and service delivery  
(國家圖書館加速推動數位保存及提供服務計畫)
- National Library's digital audio-visual service capacity upgrade and national language literature digital collection plan  
(國家圖書館數位視聽服務能力提升和本土語言文獻數位收藏計畫)

## 2. Strive for funding from the Ministry of Education's subsidy program

- The digitization of collections is a continuous work, which cannot be completed in a short period of time and needs to be carried out continuously, so it requires huge funding support. The source of funding, in addition to participating in the National Digital Collection Program, is also seeking related funds through the program year by year.
- The source of funds for the digitization of the National Library's collections is mainly to apply for relevant subsidies from the Ministry of Science and Technology, the Ministry of Education, and the Executive Yuan.
- Starting in 2023, the National Library will add two new plans, namely "The National Library accelerates plans for digital preservation and service delivery" and "National Library's digital audio-visual service capacity upgrade and national language literature digital collection plan"

**Maps of Shazhou in Jiangyin County**  
The land on which Shazhou, Jiangyin County, Jiangsu Province (present-day Zhangjiagang) is located was formed by alluvial deposits of the Yangtze River over a period of thousands of years. As the land grew and changed, local people made paintings of the area, which they petitioned the authorities to acquire. Measurements of the narrow strip of land formed by the river deposits differed, and those seeking to obtain land often conspired with officials, resulting in lawsuits and disorder. Two officials, Wu Heng and Xie Cunbin, together with the magistrate of Jiangyin ...

# Domestic Digitalization Project of Old Books

## Domestic Digitalization Project of Old Books

In addition, NCL began a project in 2015 called National Collaboration on Digitizing Books and Materials. Libraries and archives in Taiwan were invited to participate by digitizing publications between 1911-1949, so as to preserve important scholarly achievements from that period. These materials, which spanned Taiwan's historical culture, humanities and geography, art and literature, society, politics, and economy, are extremely valuable in terms of scholarly research. Indeed, they have become the best resources for Taiwan studies. Participating libraries and archives consisted primarily of university libraries, special libraries, public libraries, and central and local governments.

### ★Ideal collaborators

- Libraries of all types
- The central government and local governments
- Middle and Elementary Schools
- Unique Museums
- Local Enterprises
- TV and Radio Stations
- Foundations
- Individuals or Families

# Domestic Digitalization Project of Old Books

## Creating collaborations

- **The collector already has a digital copy**

If a collector already has a digital copy of an item that NCL would like to acquire, the digital file is requested; its access and methods of use are then decided upon.

- **B. The collectors does not yet have a digital copy**

For materials that NCL hopes to acquire, if the collector does not yet have a digital copy NCL will assist in its digitization. The original will then be returned to the collector. A digital copy will also be provided. In addition, a mutual agreement will be had on access and methods of use.

# Co-creation and Sharing

- **County and City Libraries**

The design of Taiwan Memory's third generation database features the ability to co-create and share. This means that county and city libraries can upload their own local books and history, thus creating their own "City Memory."

- **General Population**

The design of Taiwan Memory's third generation database also features an ability to share content. This allows the general population to share old photos in their personal possession. In other words, NCL is allowing for the crowdsourcing of pictures of Taiwan to add to its archive.

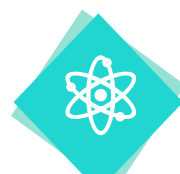

# Domestic Digitalization Project of Old Books

## Taiwan Literature Cooperation Digitization Project

At present, there are 12 cooperative units, with a total of 12,522 books and 2,338,649 frames

The National Central Library has been authorized to scan a total of 15 cooperative schools for Chinese/Japanese old book materials, and completed 2,513 volumes/947,467 images for 8 schools. °

## Cooperative digitization project of government agency publications

A total of 102 cooperative units, including paper authorization and electronic archive authorization, totaled 2,851 volumes/487,135 frames (paper authorization)

# 出版趨勢報告

## 103 年臺灣圖書出版現況及其趨勢分析

104.01.28

本報告為臺灣各界(含一般出版社、政府機關、團體與個人)，於民國 103 年度內向國圖書號中心申請 ISBN 暨 CIP 書目資料為基礎，統計分析我國出版新書(含電子書)之總種數、主題類別、常用分類、翻譯圖書的語文和來自國家地區，以呈現臺灣最新圖書出版現象及其趨勢。除進一步作為提供我國最新圖書出版現況及其出版趨勢，並期為出版界、圖書館界與民眾共同提升全民閱讀風氣而努力。

### 一、新書出版量持續滑落，全臺 5,087 家出版社出版 41,598 種新書

依據國圖書號中心統計分析顯示，民國 103 年 1 至 12 月，總計有 5,087 家(單位)出版社出版 41,598 種新書。與前一年度(102 年)比較，申請 ISBN 出版機構少了 30 家(單位)，出版新書總(種)數比 102 年減少 520 種，較 101 年減少 707 種，創下近三年來最低點。同時也低於近三年新書出版之平均總種數，呈現持續下滑現象，惟出版新書之出版社(單位)仍維持 5 千個單位以上。(如表 1)

表 1：申請 ISBN 之新書種數與出版機構

(101 年 1 月至 103 年 12 月)

民國	ISBN 量(筆)	圖書種數	申請 ISBN 之出版者(家)
101	46,853	42,305	5,085
102	47,191	42,118	5,117
103	46,398	41,598	5,087
平均	46,814	42,007	5,096

從出版機構類型分析，一般社(單位)出版 36,818 種新書(占 88.5%)；其次為政府機關 3,843 種(占 9.24%)，個人占 937 種(占 2.25%)。從表 2 發現：政府機關(構)與個人出版新書的比例降低，政府總體預算緊縮可能是出版新書持續滑落的重要原因。

## 「滑世代」後的新書出版樣貌 2015 年臺灣圖書出版現況及其趨勢分析

國家圖書館(以下簡稱國圖)，自民國 102 年起即以服務我國出版界申辦國際標準書號(ISBN)為基礎，陸續發表各年度圖書出版趨勢報告發現：臺灣新書出版總(種)數量持續下滑，在 104 年更首度跌破 4 萬種，創下十年來新低點。除了解讀「滑時代」取代傳統紙本閱讀、因總體經濟表現不佳，影響民眾購書意願外，出版人的投資意願與創新閱讀文本是否持續低迷著，尤其，在去(104)年 2 月起出版的著色書，帶起一波著色書出版熱潮，一直延燒到 9 月左右，本趨勢報告將揭開「滑時代」的我國圖書出版的最新樣貌。

本報告以臺灣各界(含一般出版社、政府機關、團體與個人)，於 104 年度內向國圖書號中心申請 ISBN 暨 CIP 書目資料為基礎，統計分析我國出版新書(含電子書)之總種數、主題類別、常用分類、翻譯圖書的語文和來自國家地區，以呈現臺灣最新圖書出版現象及其趨勢。

### 一、新書出版總(種)數創下十年來新低點，104 年出版 39,717 種新書

依據國圖書號中心統計分析顯示，民國 104 年 1 至 12 月，總計有 5,030 家(單位)出版社出版 39,717 種新書。與前一年度(103 年)比較，申請 ISBN 出版機構少了 57 家(單位)，出版新書總(種)數比 103 年減少 1,881 種，較 102 年減少 2,401 種，創下 10 年來最低點，歷年來各界出版新書統計，可參考「[全國新書資訊網·ISBN/CIP 各年度統計](#)」。我國新書出版總(種)數呈現大幅下滑現象，惟申請 ISBN 之出版社(單位)仍維持 5 千個單位以上。(如表 1)

## 105 年臺灣圖書出版現況及其趨勢分析

出版產業是國家文化實力的象徵，也是國民閱讀力的指標，近十年來因應數位閱讀風潮，民眾閱讀習慣翻轉，閱讀需求更為多元，讓出版產業的發展面臨嚴峻挑戰，政府及業者莫不積極的尋求突破的契機。而圖書館為保存文化知識及推廣社會閱讀風氣，扮演讀者與出版社及作者間的重要橋樑，也面臨同樣的課題。因此，本館自 102 年起定期發布臺灣圖書出版現況及趨勢報告，希望有助於出版界、圖書館及社會大眾透過最新圖書出版資訊，進一步掌握發展機先。

本報告以臺灣各界(含一般出版社、政府機關、團體與個人)，於 105 年度內向國圖書號中心申請 ISBN 暨 CIP 書目資料為基礎，統計分析我國出版新書(含電子書)之總種數、主題類別、常用分類、翻譯圖書的語文和來自國家地區，以呈現臺灣最新圖書出版現象及其趨勢。

### 一、105 年出版新書 38,807 種新書，申請 ISBN 之出版社 4,979 家，持續再創新低

依據國圖書號中心統計分析顯示，民國 105 年 1 至 12 月，總計有 4,979 家(單位)出版社出版 38,807 種新書，新書出版總(種)數及申請 ISBN 之出版社(單位)呈現持續下滑趨勢，再創新低點。與前一年度(104 年)比較，申請 ISBN 出版機構少了 51 家(單位)，且首次低 5 千家；出版新書總(種)數比 104 年減少 910 種，較 101 年更減少 2,791 種(如表 1)。

表 1：申請 ISBN 之新書種數與出版機構

(101 年 1 月至 105 年 12 月)

期刊室開架報刊可由讀者自由取閱，沒有進行使用統計，故本報告以民眾 2015 年申請期刊調閱的 52,957 筆資料為分析範圍，統計分析使用之讀者性別、年齡、期刊被使用主題分布、語文、資料類型、排名等，以瞭解期刊使用者群、期刊被利用情形及期刊被使用排行。

### 貳、語文、資料類型分析

依資料類型，我們將國家圖書館館藏的館藏分為期刊、報紙、光碟三種，2015 年總調閱量共計 52,957 冊/份/片。若依使用語文分析，讀者調閱的資料以中文為主，調閱量有 51,708 冊，佔 97.6%。若從資料類型分析，則以期刊的調閱量最大，有 49,750 冊(93.9%)；報紙次之，有 3,146 份(6%)。(見表 1)

表 1：調閱語文、資料類型統計表

資料類型	中文調閱數量 (%)	西文調閱數量 (%)	合計 (%)

## 104 學年度臺灣學位論文研究趨勢與學術影響力分析報告

國家圖書館知識服務組  
2017.3.31

國家圖書館(以下簡稱國圖)基於學位授予法，為國內唯一之博碩士論文(學位論文)法定寄存圖書館，負有蒐集、典藏與閱覽我國全媒體型態博碩士論文之職責。因此，國圖本於 Open Access 學術之前人人平等的公義理念為民興利，落實「政府資源取之於民，用之於民」的精神，推動我國學位論文資訊共建共享，進而向全球展現臺灣在學術領域中的軟實力。

為推動國內學位論文數位化之進程，國圖自民國 83 年起接受教育部高教司之委託，執行「全國博碩士論文摘要建檔計畫」，並於 87 年啟用「全國博碩士論文摘要檢索系統」與「全國博碩士論文摘要檢索系統」，89 年啟用「全國博碩士論文資訊網」與學位論文電子全文共建共享下載服務。目前，國圖「臺灣博碩士論文知識加值系統」(以下簡稱本系統)之書目與摘要量已逾 100 萬筆，而已獲作者授權上網公開之電子全文亦近 40 萬筆，105 年每日平均檢索次數達 956,779 次，每日平均電子全文下載次數達 11,276 次，遠創我國學術利用網站之使用紀錄。除了服務全國產、官、學界之使用者外，亦同時對全球學術研究社群之使用者開放。讀者可不限時、免費上網查詢、閱覽與下載國內各大專校院已獲授權公開傳輸之學位論文電子全文，解決讀者必須耗時費力、舟車勞頓親臨國圖閱印紙本論文之不便，更可一舉免除受限校園 IP 範圍之商業資料庫所帶來的使用限制與高額花費，而本系統業已成為國內最重要的學術資源網站之一。

學位論文為重要之學術文獻資源，其不但是學位取得者的研究心血，也是相關學科研究的重要參考文獻，對於研究生或授學位之學校而言，學位論文的公開發表更是學術研究能力的證明。有鑑於此，國圖以本系統所收錄全國 142 所大學截至 106 年 2 月 15 日為止的 57,600 筆博碩士論文資料，針對 104 學年度(104 年 8 月 1 日~105 年 7 月 31 日)全國大專校院學位論文進行資料統計與分析，同時也藉此進行 105 年最熱門檢索詞、各校學位論文被點閱與被下載利用的統計與分析，進而呈現臺灣各大學博碩士論文最新之研究趨勢與學術影響力概況。

## 103 學年度臺灣學位論文研究趨勢與學術影響力分析報告

國家圖書館知識服務組

國家圖書館基於學位授予法，為國內唯一之博碩士論文(學位論文)法定寄存圖書館，負有蒐集、典藏與閱覽我國全媒體型態博碩士論文之職責。目前，本館收錄我國自民國 46 年以來之書目與摘要達 94 萬筆，電子全文達 53 萬筆。早在民國 59 年，國家圖書館便開始編印「中華民國博碩士論文目錄」，自 83 年起接受教育部高教司之委託，執行「全國博碩士論文摘要建檔計畫」，於 87 年首創國內第一套之「全國博碩士論文摘要檢索系統」與「全國博碩士論文摘要檢索系統」，89 年由教育部長官蔣經國主持「全國博碩士論文資訊網」與學位論文電子全文共建共享下載服務之正式啟用儀式，首開我國博碩士論文線上電子全文服務之先河。自 89 年以來，本館執行教育部閱讀推廣計畫，建立了國家級之完整學位論文總書目庫與資訊整合平台「全國博碩士論文資訊網」，民國 99 年 6 月改版並正式更名為「臺灣博碩士論文知識加值系統」，目前每日有達 100 萬的檢索人次，遠創我國學術利用網站之使用紀錄。

學位論文為重要之學術文獻資源，其不但是學位取得者的研究心血，也是相關學科研究的重要參考文獻，對於研究生或授學位之學校而言，學位論文的公開發表更是學術研究能力的證明。有鑑於此，國家圖書館以「臺灣博碩士論文知識加值系統」所收錄全國 142 所大學截至 105 年 1 月 31 日為止的 59,070 筆博碩士論文資料，針對 103 學年度(103 年 8 月 1 日~104 年 7 月 31 日)全國大專校院學位論文進行資料統計與分析，呈現我國大學所產出學位論文之研究趨勢與學術影響力。

# BEST PRACTICES FROM WORLD LIBRARIES PHOTO GALLERY

2022 Theme: Global libraries as agents of leadership in our post pandemic world

## 2022 Best Practices from World Libraries Photo Gallery

### Libraries are the backbone of autonomy and lifelong learning

National Central Library, Ministry of Education in Taiwan, Taipei City, Taiwan

During height of the epidemic, the National Central Library continued to offer services by delivering library services, discharging its social responsibility and performing its role. In the cultivation of librarians' professional consciousness, online international forums and online education and training courses are offered. World-renowned experts and scholars are invited to give lectures to educate library colleagues on new trends, in addition to professional training courses to teach new skills. In the promotion of national reading habits, a number of services, such as online literary performances and online cinemas, have been launched to allow the public to enjoy literary performances and film works online during the pandemic, in order to relieve tension. This is the backbone of national autonomy, lifelong learning, and accompaniment of the public as it endures the epidemic prevention period.

### Come! Let's read together with peace of mind

National Central Library, Ministry of Education in Taiwan, Taipei City, Taiwan

Taiwan Reading Festival is a reading brand dedicated to Taiwan that has long been cultivated by the National Central Library. Libraries, central and local government agencies, schools at all levels, publishing houses, cultural and educational institutions and reading club groups respond, launching rich and diverse reading events: highly anticipated, annual, national-level reading pageants. It is also a knowledge platform on which all types of libraries can interact and study how to advance. The 2021 event took place when Taiwan's epidemic alert level had been lowered from level 3 to level 2, and controls were gradually being relaxed. The pageant was like a feast for the soul and an emotional outlet. To enable the public to participate with peace of mind, the promotion of all epidemic prevention measures was strengthened before the event. On the day of the event, the sun was shining brightly. The public showed their high civic qualities and patiently lined up in cooperation with those measures. With peace of mind they took up all manner of booth activities, which attracted an apparently endless crowd of more than 80,000 lively and enthusiastic participants. Old and young alike relished the occasion and stayed to enjoy it as long as they could.

### Parkour Mobile Library has arrived!

Taichung Public Library, Taichung City Government in Taiwan, Taichung City, Taiwan

"Wow! The parkour mobile library has arrived!"

"Wow! This is a book I've always wanted to read!"

The prelude to the one-day mobile library activity began with the excitement of school children arriving en masse.

Taichung Public Library actively penetrates communities and public spaces, and cooperates with temples, markets, scenic spots, parks, hospitals, universities and other strategic entities to promote reading and select books in accordance with their needs, shortening the distance between the library and the public. During the epidemic, the librarians' selections of books, thoroughly friendly services, and picture book storytelling activities conveyed the beauty of reading, cultivated children's fondness for reading, and, through reading, eased children's anxiety caused by the spread of the epidemic, public and private reading services united in a common effort to achieve an effect in which "the whole city is my study".

### Boxes of selected books are ready to be dispatched!

Ninshu County Public Library, Ninshu County Government in Taiwan, Ninshu County, Taiwan

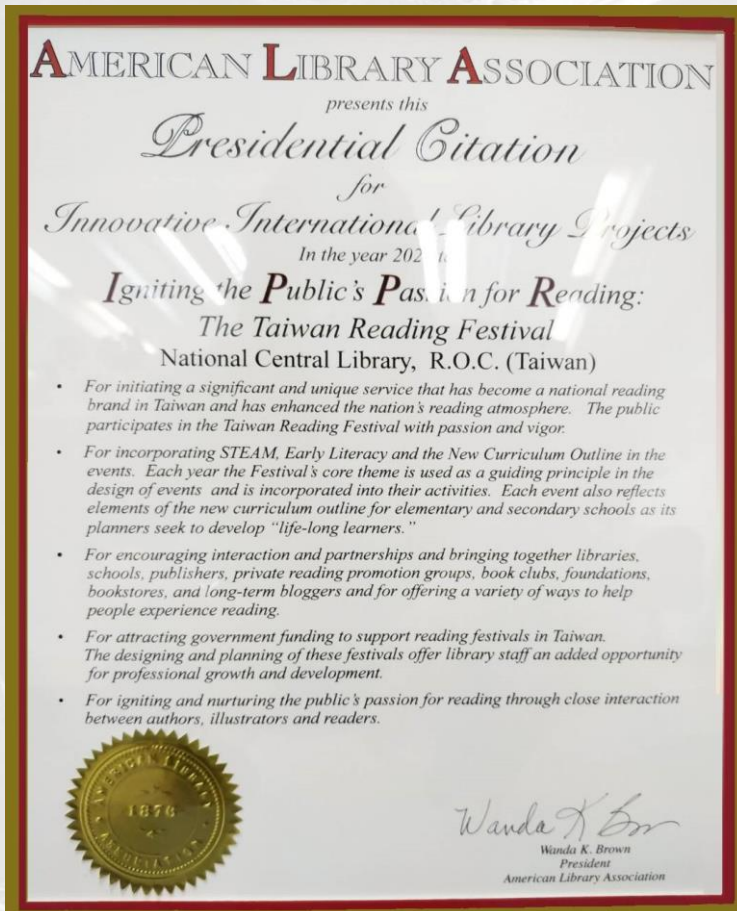

During the epidemic prevention period at home, people's demand for spiritual nourishment has increased greatly. Readers have indicated that they miss times enjoying leisurely reading in the library. Although digital resources are now abundant, they still hope to enjoy the feeling of flipping through paper books. A day without reading feels like something is missing. In order to relieve the suffering of readers missing books, in line with the concept of "low-contact service" the library has specially launched the Epidemic Period Home Delivery for Book Lovers service. In accordance with the needs of book lovers, librarians will select 100 boxes of various high-quality books for free home delivery to readers' homes, allowing readers to read good books at home without having to go out. While reducing the risk of exposure to infection, this maintains the provision of reading services to readers. It is also hoped that, on the epidemic prevention road, the various activities launched by the library might provide everyone with a little chicken soup for the soul, soothing the restless heart with the aura of books.
